Page 5, Section 9.0, Submission # 6 - Audited Financial Statements-

As a member of the Institute of Chartered Accountants of Trinidad and Tobago (ICATT), we are not legally or ethically required to have audited financial statements. In light of this we wish to request that the firm not be excluded from participation.

Response # 5

For firms - if audited financial statements are not available, unaudited financial statements will be accepted with a statement from the firm that audited financial statements are not legally required.

Additionally, members of ICATT must submit a letter from the institute confirming the firm's membership and requesting they not be prevented from participating in the EOI.
