

Mr. Keonne K. James

Mr. Keonne K. James brings over 15 years of extensive experience in facilities management, project management, and engineering. He has held leadership roles in major state entities in Trinidad and Tobago, contributing to key infrastructure and development projects. His professional journey includes significant contributions at the Trinidad and Tobago Electricity Commission (T&TEC), Water and Sewerage Authority (WASA), National Insurance Board of Trinidad and Tobago (NIBTT), and the Ministry of Sport and Community Development. Mr. James has consistently demonstrated expertise in managing large-scale projects, optimizing facility operations, and delivering strategic engineering solutions to enhance organizational efficiency and success.

Mr. James holds a Bachelor of Science degree in Electrical Engineering and a Master of Business Administration (MBA) specializing in supply chain and logistics. He is a certified Project Management Professional (PMP), a Facilities Management Professional (FMP), and also possesses a Professional Certificate of Financial Advisors (CFA). His diverse qualifications and hands-on experience enable him to integrate technical expertise, project efficiency, and financial acumen, delivering innovative solutions to complex organizational challenges.
