In participating in a procurement process and submitting a tender, you agree NOT to canvass, discuss your tender submission or your participation in the process or any requirements regarding clarifications or meeting requests, with ANY Corporation Staff, members or other parties, other than those explicitly identified in this RFT document. Any breach of this code of conduct may be:

- a) A breach of confidentiality requirements;
- b) A breach of the Data Protection Act 2011;
- c) Or potentially anti-competitive, collusive or corrupt.

Should the Corporation identify such a breach of this code of conduct, the Corporation reserve the right to remove your submission from further consideration.

You must not canvass support or preferred use of your organisation with publishing media of any kind or with any other Tenderer or any member or officer of the Corporation or any individual representing the Corporation. Any bidder that does not comply with this paragraph (2.6) shall have their tender rejected.

2.7 Financial Stability of Successful Tenderer

As part of the Corporation's assessment of Tenderers' suitability for the contract, you must complete the Qualification Questionnaire included in this invitation to tender; this will enable an assessment of your economic and financial standing.

The Corporation will take a proportionate approach to financial checks and where the project represents a financial risk to the Corporation then the following shall apply:

- a) A minimum turnover as specified in the Qualification Questionnaire;
- b) That your financial ratios demonstrate your organisation to be financially viable and a low risk for the Corporation – specifically the Corporation requires:
 - that the latest audited accounts show the Current Assets to exceed the Current Liabilities,Where this is not the case, the tender may be rejected.
- c) The appropriate levels of insurance;
- d) The organisation is NOT in breach of corporate tax, Value Added Tax (VAT) or NIS requirements or any other mandatory statutory requirements.

The Corporation may (at its discretion) seek a credit report regarding financial stability and risk (to facilitate assessing ratios) on receipt of tenders; this will be reviewed in conjunction with the above and any submitted supporting information.

Should there be any issues relating to ANY of the above – please contact the Corporation to discuss and provide appropriate evidence WITH your tender return.

Failure to provide relevant evidence regarding the above or to mitigate risk to the Corporation, may result in your tender not being evaluated further.

2.8 Representations

No representation by any officer of the Corporation, nor any representation at all about any matter which has a bearing on the contract, other than one expressly contained in the signed or executed contract documents, shall constitute a term or condition of the contract nor a representation which gives the contractor grounds for rescinding the contract or claiming damages for misrepresentation.

2.9 Qualification

You must not qualify your tender or add conditions to it or statements that might be construed as making your tender equivocal. Qualified or conditional tenders are very likely to be rejected. The Corporation's decision as to whether a tender is acceptable will be final. You must obtain for yourself all information necessary for the preparation of your tender and satisfy yourself that the quality and standards specified by you or the Corporation are appropriate. Information supplied to Tenderers by the Corporation or contained in Corporation publications is supplied only for general guidance in the preparation of your tender. You must satisfy yourself as to the accuracy of any such information and no responsibility is accepted (or warranty given) by the Corporation for any loss or damages of whatever kind and howsoever caused, arising from your use of such information.

2.10 Law and Jurisdiction

Tenders and supporting documents must be in English and prices must be in Trinidad and Tobago Dollars (TTD). Any contract subsequently entered into and its formation, interpretation and performance shall be subject to and in accordance with the laws of Trinidad and Tobago and subject to the exclusive jurisdiction of the Trinidadian Courts.

2.11 Tenders Excluded

Your tender will NOT be considered for acceptance if you (or anyone working for you or on your behalf) has engaged or attempted to engage in any corrupt practice or has canvassed the tender with any member or officer of the Corporation. "Corrupt practice" includes

- (i) offering, promising or giving an advantage (financial or otherwise) to a public official with the intention of inducing that person to act improperly or rewarding him or her for doing so and
- (ii) requesting, agreeing to receive or accepting an advantage (financial or otherwise) with the intention that as a result a public official will act improperly.

"Canvassing" means trying to obtain support for a tender or trying to obtain information about another tender or proposed tender. If you have engaged or attempted to engage in any such practices and that comes to light after your tender has been accepted, then grounds will exist for the termination of the contract and the claiming of damages from you. It is also an offence under the Public Procurement and Disposal of Public Property Act 2015. It is unlikely that any tender will be accepted which (a) is incomplete or inaccurately or inadequately completed or which purports to impose conditions other than those provided in this invitation to tender document or (b) is delivered out of time or in a manner other than specified in these instructions. **It is therefore in your interest to make sure that you that you follow these instructions to Tenderers.**

2.12 Abnormally Low Prices

The Corporation places significant importance around the quality elements of this invitation to tender and accepts that to achieve this may result in an impact on price. Where the Corporation has concerns regarding sufficiency of price, the Corporation reserves the right to seek clarifications and where insufficiently reassuring, reserves the right to disqualify the tender as inadequate and incomplete. In contracts where appropriate and sufficient staff resourcing is a significant risk consideration, the Corporation may require Tenderers to explain their prices as part of their tender (by way of a scored method statement) to facilitate the evaluation process.

Where this information is not supplied, or the information does not satisfactorily account for the low prices the Corporation reserve the right to reject the tender as abnormally low, insufficient and incomplete.

Where this information is requested as a method statement, it will take the place of asking Tenderers to explain their prices or costs after submission of their tenders.

2.13 Price Manipulation

Where the tender includes multiple schedules and/or various pricing documents, scoring individual elements, and an individual price appears inconsistent to affect the scores significantly, the Corporation reserves the right to seek clarifications and where insufficiently reassuring, reserves the right to disqualify the tender as being in breach of the conditions of tender.

2.14 Anti-Corruption and Collusive Tendering

If the Corporation considers that a cover price (i.e. a tender that is not intended to be considered seriously) has been submitted, the Corporation may reject the tender. Please note that any evidence of price fixing arrangements will be reported.

By submitting your tender, you confirm that you have not committed a prohibited act; such as defined below:

- a) directly or indirectly offering, promising or giving any elected member of the parliament or any person working for or engaged by the Corporation a financial or other advantage to induce that person to perform improperly a relevant function or activity or rewarding that person for improper performance of a relevant function or activity;
- b) directly or indirectly requesting, agreeing to receive or accepting any financial or other advantage as an inducement or a reward for improper performance of a relevant function or activity about this contract;
- c) committing any offence under the Prevention of Corruption Act 1987;
- d) committing any offence of fraud;
- e) defrauding, attempting to defraud or conspiring to defraud the Corporation;
- f) fixing or adjusting the amount of your tender by or under or in accordance with any agreement or arrangement with any other person. You also certify that you have at no time, before or following the submission of your tender, carried out any of the following acts:
 - (i) communicating to any person except the Corporation the amount or approximate amount of your proposed tender, except where such disclosure, in confidence, is necessary to obtain legal or financial advice or insurance premium quotations required for the preparation of the tender;
 - (ii) entering into any agreement or arrangement with any person that he will not submit a tender in competition with you or as to the amount of any tender that he will submit;
 - (iii) offering or paying or giving or agreeing to give any sum of money or valuable consideration directly or indirectly to any person for doing or arranging for any of the actions mentioned in (i) or (ii). In the context of this paragraph, the word 'person' includes any individual and any company, firm, business, association or other body and 'any agreement or arrangement' includes any such transaction, formal or informal, and whether legally binding or not.

2.15 Freedom of Information

The Freedom of Information Act 1999 requires the Corporation to disclose on request information it holds. Information may only be withheld where a statutory exemption applies. In providing information to the Corporation, you therefore accept that such information may be disclosable under the Act and you should not provide information as part of your tender on an "in confidence" basis. If you consider that any information should not be disclosed because a statutory exemption applies, you should clearly mark it as such, stating the reasons for claiming the exemption. However, the final decision as to whether information

should be disclosed or not shall be made by the Corporation. The Corporation will retain information gathered as part of this tender exercise in accordance with its retentions policy.

2.16 Warranties

4.3 Compliant Submission

Tenders must comply strictly with these instructions to Tenderers. Tenders must not be qualified, conditional or accompanied by statement that might be construed as rendering the tender equivocal.
